

## Who Eats What? Marine Food Chain Play

### Checklist

#### DIRECTIONS:

Your job is to write and perform a skit to act out what you have learned throughout the unit. Think back to everything you have learned from different Internet sources and videos that we have watched. Be sure to include this information while writing and performing your skit. Use the following checklist to guide the skit writing process.

#### SKIT CHECKLIST:

- ✓ Name important animals and/or organisms involved in the ocean food chain.
- ✓ State the order in which the ocean food chain occurs.
- ✓ Define predator and prey.
- ✓ Tell who or what are the predators and prey.
- ✓ Notes on index cards are organized.
- ✓ Check for correct grammar and punctuation, along with pronunciation (performing).
- ✓ Skit was well rehearsed and thought out.
